```

```

20:22:47 indigo 5132 Severe: Cluster: Lost communication with the Quorum Device
20:25:14 internap-a-rtr %SYS-2-MALLOCFAIL: Memory allocation of 65536 bytes failed from 0x60722624, alignment 0

```

```

19:48:14 Duty: I will start work on the MMZ gear @ 8pm and expect to finish ~4am tomorrow morning. I have silenced NodeWatch. Plse page me 541-2717 if you hear of service disruption. x6974 --sk
20:09:56 Duty/Charlie: changed SCCA 3rd and 4th floors to new DHCP IP address range. call me at home if issues. --skliger
20:22:52 Severe: Cluster: Lost communication with the Quorum Device --swatch
20:31:16 looking into indigo - although at this point everything looks ok. sway
20:41:28 Duty/Susan: I made a quick change on j4sr-a-esx and j4sr-b-esx interlink...connectivity between the two switches was dropped fo <10 seconds and I bet that's why indigo paged. I'm all done now. --skliger

```
